4. What can I expect when I arrive, and how do the check-in and check-out process work?

Before heading to our KidPoint lobby, we ask that you designate only one adult to handle check-in and drop off duties for your child(ren.) We are asking that the same adult returns after the gathering for pick up. Once you arrive at the lower level, our Kidpoint check-in team will be there to welcome your family.

Returning families have the option of using our self-check-in kiosks for fast contactless check-in.

If you are a new family or need assistance with the check-in process, please proceed to the check-in desk near the elevator on the lower level, and one of our friendly check-in team members will assist you. When checking in for the first time this school year, we will also update your child's grade and contact information for the 2020 -2021 school year. Please allow several extra minutes to facilitate updating our records.

Once this process is complete, we provide a printed name tag for each child along with a guardian tag used to pick up your child(ren). You will then proceed to the age-appropriate room to drop off your child. We are asking parents to drop off their children at the door.
